

ELECTRONIC ENGINEERING RESEARCH INC.

EE SYSTEM PLUS - ADVANCED SECURITY TECHNOLOGY

SPECIAL NOTICE

September 6, 2007

Regarding: Long Range Radio Accounts

Dear Client:

E & E Electronic Engineering Research, Inc. (E & E) is sending you this letter due to important changes to your Security System as a result of the Federal Communication Commission (FCC) ruling stating that remote carriers will not longer support the analog cellular / networks. This means that your system could start to work poorly or end as of February 2008.

To minimize the impact this ruling E & E has available an upgraded radio system necessary to digital level (GSM). Because E & E appreciates your business we have provided you with the following options.

- A. For purchased accounts to replace the old ratio system with the new digital (GSM) system at \$290.00 plus trip and labor charges. This will include a free inspection – check the entire system and to make sure all is working properly.

Client Signature: _____ Date: _____

- B. For leased accounts to replace the old radio system to a new digital (GSM) System plus trip and labor charges only with 24 hour monitoring service at \$45.00 per month. This includes a free inspection; check the entire system and to make sure all is working properly.

Client Signature: _____ Date: _____

- C. For leased Coin Laundry systems to replace the old radio system to a new digital (GSM) System plus trip and Labor charge and the 24 hour monitoring service fee will remain the same. This includes a free inspection; check the entire system to make sure all is working properly.

Client Signature: _____ Date: _____

Please sign the offer you choose A, B or C, and mail or fax back at the number listed below. If you have any further questions please do not hesitate to call at 626 452-8988.

Sincerely,
E & E Electronic Engineering Research, Inc.
